PTL primarily **buys-sells-leases-trades** new and reconditioned test equipment of **all brands and models**. Most items have been pre-owned by end-users or were demo units from manufacturers. Some items are NEW “overstock” products from our global sources. All equipment is inspected, repaired, & cosmetically refurbished (if necessary). All equipment is **calibrated and guaranteed** to meet or exceed original factory specifications. PTL provides a warranty to assure all equipment we sell is in sound condition and meets customer expectations. We offer dependable equipment at significant savings.
